PROGRAM REPORT: CELEBRATION OF INTERNATIONAL DAY OF FORESTS

Organized by: **ECO CLUB** of Surendranath Law College, Kolkata
Date: 21st March 2025 (Friday)
Time: 10:30 AM onwards
Venue: College Premises, Surrounding Street
Convenor: Debjani Ojha

ABOUT COLLEGE & PROGRAM:

Surendranath Law College, a premier institution for legal education affiliated with the University of Calcutta since 1885, continues to uphold its legacy of academic excellence and social commitment. As one of the oldest law colleges in the country, the college regularly organizes programs that blend legal scholarship with civic engagement, environmental awareness, and community service.

In keeping with this tradition, the ECO CLUB of Surendranath Law College organized a special awareness programme on 21st March 2025 to observe the International Day of Forests. The event was conducted within the college premises under the guidance of Prof. (Dr.) Mohammadi Tarannum, Vice-Principal of the college, and coordinated by Prof. Debjani Ojha, Convenor of the ECO CLUB. The event saw vibrant participation from students, faculty, and non-teaching staff, all coming together to celebrate and advocate for forest conservation.

The United Nations General Assembly, on 28th November 2012, declared 21st March as the International Day of Forests to raise global consciousness about the value of forests and the urgency of their protection. Each year, a theme is selected by the Food and Agriculture Organization (FAO) of the United Nations to guide awareness efforts. The theme for 2025 is “Forests and Food”, which emphasizes the indispensable connection between forest ecosystems and food security across the world.

Forests provide nourishment, shelter, and livelihoods to millions and are vital to the health of our planet. They support biodiversity, regulate the climate, enrich soil fertility, and contribute to clean water and air. Yet, these ecosystems face constant threats from deforestation, unsustainable agricultural practices, and unchecked human expansion. These threats have cascading effects—increased CO₂ emissions, loss of biodiversity, disruption of indigenous communities, and heightened vulnerability to climate change.

This year's programme highlighted how forests are not just natural spaces but critical sources of food, medicine, and economic support—especially for rural and tribal communities. Participants were encouraged to reflect on sustainable consumption habits and the importance of preserving forests not only for ecological reasons but also to secure food systems and human well-being for future generations.

The event called for collective responsibility, urging everyone to recognize forests as living partners in our survival and prosperity. Through active involvement and thoughtful action, the Surendranath Law College community reaffirmed its commitment to a greener, healthier planet.

Hence to spread awareness against deforestation the ECO Club of Surendranath Law College organized ECO Awareness Parade in the nearby streets.

OBJECTIVES OF THIS EVENT:

1. To Raise Awareness about the Role of Forests in Food Security:

Highlighting how forests are essential to global nutrition—supplying fruits, nuts, medicinal plants, and supporting agriculture through climate regulation and soil health.

2. To Promote Understanding of Sustainable Consumption and Production:

Encouraging students and the community to adopt environmentally responsible habits that reduce deforestation and over-extraction of forest resources.

3. To Educate Participants on the Legal and Policy Frameworks for Forest Conservation:

Familiarizing students with constitutional provisions, environmental laws, and international commitments that safeguard forests and biodiversity.

4. To Foster a Sense of Environmental Responsibility among Youth:

Instilling a proactive attitude toward forest preservation and resource sustainability through participatory initiatives like parades and thematic rallies.

5. To Connect Legal Education with Ecological Action:

Integrating the principles of environmental law and sustainability with ground-level advocacy, allowing law students to appreciate their role in shaping a greener future.

6. To Encourage Community Engagement and Public Dialogue:

Utilizing the road rally format to reach beyond campus, spreading the message of forest and food interdependence to the general public.

BENEFITS OF THE STUDENTS FROM THIS EVENT:

- ▶ **Enhanced Environmental Awareness:** Students gained a deeper understanding of the intricate link between forests and food security, biodiversity, and sustainable living.
- ▶ **Practical Application of Legal Knowledge:** Exposure to real-world environmental issues helped students relate academic learning—especially environmental and constitutional law—to pressing ecological challenges.
- ▶ **Development of Leadership and Advocacy Skills:** By participating in the rally, students experienced leading and supporting a public awareness

campaign, honing their skills in teamwork, communication, and civic engagement.

- ▶ **Promotion of Ethical and Sustainable Thinking:** The event encouraged students to adopt responsible consumption patterns and support eco-friendly initiatives, aligning with the values of sustainability and public welfare.
- ▶ **Fostering Social and Ecological Responsibility:** Students became more aware of their roles as future legal professionals in promoting environmental justice and safeguarding natural resources.
- ▶ **Increased Confidence through Public Participation:** Engaging in a public-facing activity like the parade helped students build self-confidence and a sense of ownership over social causes.
- ▶ **Networking and Collaboration Opportunities:** The event brought together students, teachers, and staff across disciplines, encouraging dialogue and collaboration on shared ecological concerns.

NOTICE

In commemoration of the **International Day of Forests**, the **ECO CLUB** of Surendranath Law College is organizing a special awareness program on **21st March 2025 (Friday)**, from **10:30 AM onwards** at the college premises. This initiative aims to highlight the critical role of forests in sustaining life, with a particular focus on this year's theme, "**Forests and Food.**"

Programme Highlights:

1. **Eco Awareness Parade on the Theme "Forests and Food"** – A vibrant rally to spread awareness about the vital connection between forests and global food security, emphasizing the need for sustainable practices to protect natural resources.

Dress Code:

To symbolize unity and environmental consciousness, all students, faculty, and staff are encouraged to wear smart casual attire in any shade of **GREEN**.

We urge **all Students, Teachers and non-teaching staffs** to actively participate in this meaningful event and contribute to the cause of forest conservation. Let's come together to celebrate nature and advocate for a greener future!
