Organized by: **ECO CLUB** of Surendranath Law College, Kolkata  
Date: 9<sup>th</sup> June 2021  
Time: 11:00 AM onwards  
Venue: Google Meet online platform  
Convenor: Prof. Debjani Ojha

## **About College & Program:**

Surendranath Law College is an esteemed Law college, affiliated with Calcutta University in 1885, imparting UG education since 1885. Being one of the oldest Law colleges in the country, this college organizes various programs throughout the year. ECO CLUB of Surendranath Law College, Kolkata organized a webinar on the topic "**Law Governing Natural Resources in India: A Constitutional Perspective**" on 9<sup>th</sup> June 2021, As a part of Observance of the World Environment Day celebrated on 5<sup>th</sup> June, proposed & counselled by **Dr. Mohammadi Tarannum**, Vice-Principal of the Surendranath Law College through Google Meet. Approx. 100 Number of students from this College participated in this Webinar.

World Environment Day (WED) is one of the more unique and special holidays because of its history and its many firsts. It was created on the first day of the first-ever U.N. conference which focused on humans and how they interact with the environment.

However, this didn't happen overnight. Sweden first suggested having such a conference to the U.N. way back in 1968. And in 1969, the U.N. agreed that after

3 years they would have a conference in Sweden that focused on environmental issues. Interestingly enough, the conference was led by Maurice Strong, a Canadian diplomat who worked in the oil and mineral industry, and who also had a soft spot for the environment.

World Environment Day urges all of us to protect our natural surroundings. The stunning facts? An estimated 7 million people die each year from causes related to air pollution, with a majority occurring in the Asia-Pacific region. This day, which falls on June 5, encourages worldwide activism. That means everything from littering to climate change. World Environment Day is both a global celebration and a platform for public outreach.

As we all know, In 1972, the UN General Assembly designated 5 June as World Environment Day (WED). The first celebration, under the slogan "Only One Earth" took place in 1974. In the following years, WED has developed as a platform to raise awareness on the problems facing our environment such as air pollution, plastic pollution, illegal wildlife trade, sustainable consumption, sea-level increase, and food security, among others. Furthermore, WED helps drive change in consumption patterns and in national and international environmental policy.

In 2021, the global official celebrations will be held on 4-5 June through a Virtual Launch Gala welcoming the UN Decade on Ecosystem Restoration. The event will include inspiring messages from world leaders, activists, celebrities, and musical performances.

### **Objectives of this Webinar:**

1. To understand the importance of World Environment Day.
2. To understand the Laws which protect the Environment for looking towards better sustainability.
3. To understand the relationship between Energy & Environmental Law.

### **Benefits of the students from this Webinar:**

1. Students were able to understand the importance of our nature and environment.
2. Students got to know the necessity of protecting the environment.

3. Students got to know various laws, constitutional and national legal frameworks, and policies that protect the Environment & how.

### **Program Details:**

After inauguration of this webinar by Debjani Ojha, introductory speech was delivered by **Dr. Caesar Roy**, Assistant Professor of Law of the Surendranath Law College. Then **Dr. Sanjit Kumar Chakraborty, Assistant Professor of Law, National University of Juridical Sciences**, gave an excellent coverage to the topic of the webinar. In his address he highlighted various aspects and scopes on the subject.

After the session **Debjani Ojha**, Assistant Professor of Law, Surendranath Law College expressed vote of thanks.
