

## **On Field Plant Distribution Programme- 2022**

Tress play an essential part of every community and one must make huge efforts to maintain their growth and survival. Climate change, which is huge factor also rely on the plants. Plants moderate the effects of rain, sun, and wind in order to keep the climate in control. The most important function of plants are to keep the greenhouse gases at bay so that the temperature rise can be controlled. Planting saplings in educational institutions play a pivotal role in fostering awareness amongst students regarding environmental protection and taking initiatives to join the fight against deforestation.

Surendranath Law College is an esteemed Law college, affiliated with Calcutta University in 1885, imparting UG education since 1885. Being one of the oldest Law colleges in the country, this college organizes various programs throughout the year. The Eco Club of Surendranath Law College, Kolkata organized an “**On-Field Plant Distribution Programme**” on 20<sup>th</sup> August 2022, proposed & counselled by **Dr. Mohammadi Tarannum**, Vice-Principal of Surendranath Law College.
