

COVID Vaccination Camp- 2021

Surendranath Law College, a prestigious legal institution in Kolkata with an illustrious legacy of over a century, is deeply committed to the pursuit of justice, equality, and the rule of law. Founded by the illustrious nationalist leader Surendranath Banerjee, the college has long been a beacon of legal education in India, producing countless legal professionals who have made significant contributions to the judiciary, academia, and public service. The college's ethos is rooted in the principles of social justice and human rights, aligning with its mission to not only educate students in the law but also to instil in them a deep sense of responsibility towards society.

In the wake of the global pandemic, Surendranath Law College took proactive measures to ensure the safety and well-being of its students, faculty, and the surrounding community by organizing a COVID-19 vaccination drive in collaboration with the Family Welfare and Higher Education Department of the Government of West Bengal. The camp was held at the college auditorium over a span of 10 days, from 29th September to 8th October 2021 (10 A.M.- 3P.M. everyday) by the Student Affairs Committee of the College. The primary objective was to vaccinate students with the Covishield vaccine, offering both first and second doses, ensuring that the entire student body could be protected from the ongoing pandemic.

The college administration, led by the Vice Principal Dr. Mohammadi Tarannum and other senior faculty members, played an instrumental role in facilitating the drive, ensuring seamless coordination between government health workers and the college community.

The vaccination camp at Surendranath Law College was met with an enthusiastic response from both students and staff, with many recognizing the importance of getting vaccinated to protect themselves and others. The initiative was not limited to just the college community, as local residents and nearby students were also encouraged to participate, making the event a truly inclusive effort to bolster public health.

The camp was well-coordinated by the Students Affair Committee, under the guidance of the convenor, Prof. Debjani Dja. Strict COVID-19 safety protocols were observed throughout the event to ensure that students could receive their vaccinations in a safe and orderly manner. Social distancing was enforced, hand sanitizers were provided at various stations, and masks were mandatory for all attendees.
