World Health Day Celebration -2024

The origin of World Health Day goes back to 1948 when First Health Assembly was held by the organisation, where it was decided to commemorate April 7 as World Health Day and it came into effect in 1950. World Health Day aims to raise awareness about global health issues, promote health equity by addressing disparities, encourage collaboration among stakeholders, and highlight progress in improving health outcomes worldwide. This includes educating people on the importance of good health, providing access to healthcare services, and reducing the burden of diseases in disadvantaged communities and low- and middle-income countries. The theme of 2024 World Health Day is '**My health, My Rights**'.

Surendranath Law College has organized an "**World Health Day**", on the theme: **World Health Day 2024: "My health, My Right", on "Sustainable Development for a Clean and Healthy Planet: Plastic Waste Management Awareness Programme" on 9th April' 2024**, in Seminar Hall. The seminar organizes in collaboration with Rotary Club of East Calcutta, VECC (Variable Energy Cyclotron Centre). The programme was counselled and coordinated by **Dr. Mohammadi Tarannum, Vice Principal, Surendranath Law College**

The opening session was addressed by **Dr. Arijit Sen, Dept of Atomic Energy, Government of India**. He elaborated upon the role of nuclear energy as a clean alternative to fossil fuels, in minimizing carbon emissions. He highlighted the role and utility of isotopes in maintaining pollution free environment.

Dr. Chiranjib Das enlightened the audience on topic "**Sustainable Plastic Waste Management and Conservation of Natural Resources**". Use of accelerators like radiation and cyclotron is beneficial to medical science combating tumor and cancer.

The Chairman of VECC, Dr. Tapas Bhowmick dwelt upon the role of the organization in combating plastic wastes by means of awareness campaigns, seminars, community development initiatives involving schools and colleges for creating consciousness and a holistic plan of action for environmental protection and green initiatives. The concluding address was delivered by Dr. Suman Guha who spoke about the enlisted programmes like Swachhta hi Seva Abhiyan, including tree plantations, office and locality cleaning drive. A quiz competition was organized for the students which witnessed enthusiastic participation from their end. Winners awarded with medal and T shirts. Overall the programme was very informative and engaging for both the students and faculties.

The students and faculty members benefitted immensely from the programme which raised awareness amongst them on the harmful effects of plastic wastes.

They also understood the importance of environmental protection for a sustainable future of humanity.
