Faculty Development Programme on Research Methodology-2022

Research may be very broadly defined as systematic gathering of data and information and its analysis for advancement of knowledge in any discipline. Research attempts to find rational answers to intellectual and practical questions through application of systematic methods. Research is an academic endeavour and as such the term should be used in a specialized sense. Research refers to an original contribution to the existing stock of knowledge making for its advancement, involving the pursuit of truth with the help of study, observation, comparison and experiment. The search for knowledge through objective and systematic method of finding solution to a problem is research which incorporates enunciating the problem, formulating a hypothesis, collecting the facts or data, analyzing the facts and reaching certain conclusions either in the form of solutions or in certain generalizations for some theoretical formulation. Research methods may be understood as all those methods/ techniques that are used for carrying out research and study of research problem for concluding research operations.

Surendranath Law College organized a Faculty Development Programme on "Research Methodology" from 22nd August, 2022 to 26th August, 2022 through Zoon Online Platform. Near about 100 students, Research Scholars and Faculty Members from the various Colleges and University across the country participated in this Faculty Development Programme. This FDP was convened by Dr. Caesar Roy, Assistant Professor of Law and Chaired by Dr. Mohammadi Tarannum, Vice-Principal of the Surendranath Law College. This Faculty Development Program provided an apt platform to the teaching and research community for dissemination of knowledge of contemporary techniques for research and teaching in the legal field. The domain experts dwelt upon the complexities of research and highlighted the multidimensional approaches that are relevant in both learning and research-based teaching of law. The accessibility barriers and knowledge gaps faced by researchers were also be identified by the resource persons and discussed in detail along with possible solutions and reforms wherever necessary. The FDP was structured on pedagogical approach-based program conducted by some of the most distinguished academics and legal professionals served as a beacon for the participants equipping them with necessary skill sets required to upgrade their research and teaching skills. The FDP acquainted the participants with the varied aspects of new frontiers of legal research and contributed to their overall enhancement of teaching and research skills competencies.
